THE WATER PURIFIER WITH

Dual Protection Airtight Stainless Steel Tank

Digital Sterilizing Care

Mineral Booster

TAKE

# TRIPLE CARE

COMPLETE PROTECTION IN  
3 EASY STEPS

## TRUE PRESERVATION

- Dual Protection Airtight Stainless Steel Tank with 10-year warranty
- EverFresh UV Plus

## TRUE MAINTENANCE

- 3 Free Scheduled & Automated Visits
- 3 Free Digital Sterilizing Care
- 3 Free Pre-sediment Filters

## TRUE FILTRATION

- True RO Filtration with Mineral Booster
- >60%\* Recovery with RO Recovery Plus Filter

# TRUE PRESERVATION

## STEEL IS SAFE

For ages, steel has been the safest and best alternative for water storage. Be it frequently used utensils at home or stainless steel water jugs; steel has always been the most trusted material. Inheriting the same legacy of goodness in the water purifier range; LG True Water Purifiers come with a Stainless Steel Tank for water storage. Not just this, they are covered with an airtight lid to let purity be preserved.

## WHY GO FOR AN 8 LTR. WATER TANK?

- Suitable for families of four/bigger families.
- Suitable for cooking needs.
- Useful at the time of no electricity.

# INVASION FREE WITH DUAL PROTECTION SEAL & MAINTAINS FRESHNESS WITH STAINLESS STEEL

## LG Dual Protection Airtight Stainless Steel Tank

### Stainless Steel Tank

- No foul smell, algae and yellow stain
- Inhibits bacteria growth
- Maintains freshness

### Airtight Tank Cover and Lock

- Restricts outside impurities, like germs, dust etc.
- Prevents from secondary contamination

### Airtight Lock

- Restricts entry of impurities, like germs, dust, oil
- Prevents from secondary contamination

Everyone talks about the importance of Water Filtration, but Preservation of Filtered Water is equally important. It can't be ignored as it can lead to E. coli formation. LG Water Purifier with Stainless Steel Storage Tank is suitable for all weather and has 94.4% less E. coli growth in 24 hrs.

**SOURCE: TUV SUD as per JISZ 2801 method -**  
Anti-bacterial performance of the material in 24 hrs.

## SAFETY CERTIFIED

LG's Stainless Steel water storage tanks have

# 94.4%

less E. coli growth in 24 hrs.

**SOURCE: TUV SUD as per JISZ 2801 method -**  
Anti-bacterial performance of the material in 24 hrs.

# UV DURING PRESERVATION

---

## PRESERVING PURITY, THE HEALTHY WAY!

UV cycle in LG True Water Purifiers runs during the storage stage. While the filtered water stored in Airtight Stainless Steel Tank is absolutely safe and clean to drink; the UV cycle that automatically starts every 6 hours is an added benefit and deactivates any bacteria that may have popped up during the storage level.

# EverFresh UV Plus: In Tank

DEACTIVATES  
BACTERIA  
& REVITALIZES  
FRESHNESS  
WITH MORE  
EFFICIENT  
UV LED

## EverFresh UV Plus

RO removes viruses and bacteria, so there is no need of UV in the filtration stage. Though there are chances of germ reformation in water stored in the tank. LG makes sure you get pure water by having In-tank UV, which treats stored water every 6 hrs. for 75 mins. to deactivate bacteria and revitalize freshness.

UV LED Direct Radiation

\*When water is stagnant for more than 6 hours.

# TRUE MAINTENANCE

## HYGIENIC DIGITAL STERILIZATION

LG Digital Sterilizing Care cleans and sanitizes water path, like hose, faucet and pipes, without using any harmful chemicals.

### LG AUTHORIZED FILTERS & PARTS

When it comes to the maintenance of your water purifier, LG authorized filters and other genuine parts make it absolutely safe to use. Not just this, they also help in retaining the high efficiency of the product for long.

# THE BENEFIT OF DIGITAL STERILIZING CARE

## LG Process

- No manual cleaning
- Clean tank & water path, like hose, faucet & pipes
- No chemical treatment
- Automatic call on every fourth month for regular service

## TRUE MAINTENANCE PACKAGE

As a part of True Maintenance Package, LG covers 3 Free Scheduled & Automated Visits, 3 Free Digital Sterilization Care and 3 Free Outside Sediment Filters. This is applicable for the 1<sup>st</sup> Year from the date of purchase.

For details refer to Warranty T&C available in User Manual on Lg.com  
(Available on LG.com Home/ Support/ Downloads & Manuals/ User Manual)

Counter top

# TRUE FILTRATION

## MULTI-STAGE FILTRATION PROCESS

## WHAT IS RO?

RO Membrane removes over  $0.0001\mu^*$  size impurities, such as heavy metallic substances, ionized substances and micro organisms.

## WHY RO IS REQUIRED?

- Dissolved impurities, like bacteria, virus, heavy metal, pesticide, etc. can cause water-borne diseases.
- RO effectively removes those impurities and provides purest form of water.

Representation Image.\*As per standard parameters.

# UV DURING FILTRATION

## REALLY A BENEFIT OR JUST A WASTE OF MONEY?

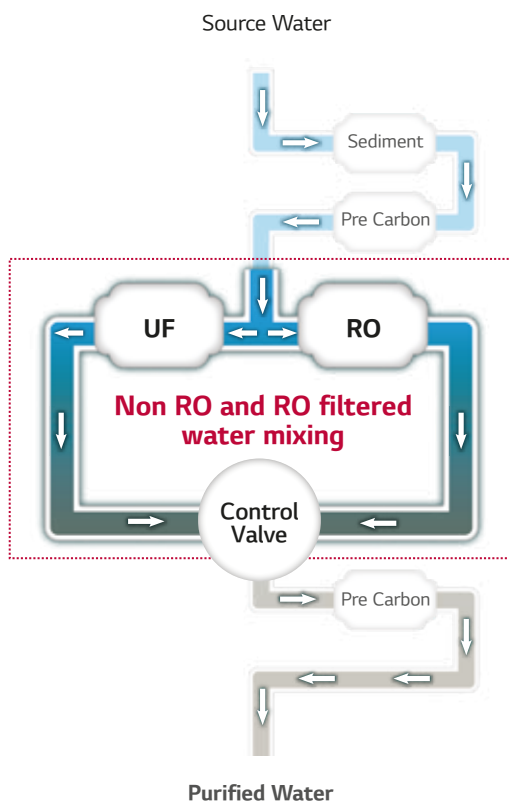

Reverse Osmosis (RO) removes all the virus and bacteria from water. Hence, there is no need of UV in the filtration stage.

## LG TRUE WATER PURIFIERS – THE TRUE SOLUTION

LG has made the right use of UV by shifting its usage to the preservation stage.

### NO MIXING OF NON-RO FILTERED WATER

#### Conventional Process

- Mixing of RO purified and Non RO purified water (from UF stage)
- NO mineral cartridge

#### LG Process

VS

- No mixing of Non RO filtered water
- Mineral cartridge adds minerals and taste
- Balanced pH level

# HELPS RETAIN MINERALS IN THE WATER

Mineral Booster

General Benefits of drinking Pure Water

## What is Mineral Booster?

Mineral Booster adds essential minerals to the water, like calcium and magnesium, making it healthier and tastier.

## Benefits of Mineral Booster

Water enriched with Ca and Mg

## BEST OF EVERYTHING AT THE BEST PRICE

### COMPLETE DIGITAL STERILIZING CARE, DUAL PROTECTION STAINLESS STEEL TANK AND TRUE FILTRATION

Introducing the latest range of LG Water Purifiers with a unique fluid that also highlights the center console. With elegant looks and highly advanced technology, these water purifiers are a perfect match for your stylish taste and concern for absolute purity.

## TRY ONCE, BEFORE YOU KEEP IT FOREVER.

Bid goodbye to those shopping instances that made you cry afterwards. Just book a home demo of the latest LG True Water Purifier. Try it and we are sure that you would love it.

**Now is the time to try before you buy.**

\*Available in select cities. Please contact store manager.

# LOW PRESSURE INSTALLATION

Works at  
0.1 kgf pressure

Low noise\*

Savings

Low Pressure Installation is possible in LG Water Purifier, so there is no need of an external booster pump. This means you need not to worry about the external noise and additional Cost.

\*In comparison with conventional water purifier with external booster pump.

# LG WATER PURIFIER NEVER SWITCHES OFF

## AUTO SMART CONNECT

Auto Smart Connect is a technology that helps connect your water purifier to home inverter. Once the water purifier is connected to the home inverter, every time the power goes off it automatically takes inverter power to run the water purifier without any manual supervision.

# PRESENTING THE ALL-NEW RO RECOVERY PLUS FILTER MORE THAN 60%\* WATER RECOVERY. 100% PURITY.

Ensuring incredible water conservation, the All-New RO Recovery Plus Filter in LG Water Purifiers does not settle until more than 60%\* water is recovered. Because the more we save water, the more we save earth.

## **BENEFITS OF LG WATER PURIFIER**

- Recovers more than 60%\* water
- Saves more water for future generation
- Recovers more, wastes less

## **FAST IN REFILLING. PURE IN DRINKING.**

Faster Refilling of 8 litre storage tank as compared to Conventional Water Purifier.

\*Recovery > 60%, at 25 Degree C Water Temperature, at input pressure > 1.5 kgf/cm<sup>2</sup>, Input TDS < 750 ppm.

# HOT & COLD WATER PURIFIER

One-Touch Hot & Cold

With the unique one-touch Hot & Cold\* function, you get cold water at minimum 5 degree centigrade and hot water at maximum 90 degree centigrade instantly.

Sip-in purity with instant hot and cold water  
from **LG Water Purifier**

# SMART DISPLAY
